

# 5 quick tips

## Help Your Child Succeed in School

**1.** Make sure your child is at school every day possible.

**2.** Get involved at school; it reinforces the message that education is important.

**3.** Make time every day to talk with your child about the day's activities.

**4.** Don't get overly involved in homework—guide when needed, but avoid the temptation to help him complete the work.

**5.** Teach your child character—it can improve social and academic skills more than anything else.
